

**AGREEMENT**  
**on frequency coordination of digital terrestrial television (DTT)**  
**in the frequency band 470-694 MHz between**  
**Administration of Croatia and Administration of the Republic of Serbia**

**Preamble**

**Article 1**

This document describes a bilateral coordination agreement between Administration of Croatia and Administration of the Republic of Serbia (hereinafter: Agreement). Furthermore, it expresses in particular the convergence of will between both parties, indicating an intended common course of action.

**Background**

**Article 2**

In relation with decisions of the WRC-15 about usage of radio frequency band 694-790 MHz (allocation of this band on co-primary base to the Broadcasting and the Mobile Service) following provisions of the Decision (EU) 2017/899 of the European Parliament and of the Council of 17 May 2017 on the use of the 470-790 MHz frequency band in the Union (hereinafter: Decision (EU) 2017/899), Administration of Croatia and Administration of the Republic of Serbia decided to perform the re-planning of the frequency band 470-694 MHz in order to enable future use digital terrestrial television (hereinafter: DTT) networks and to facilitate the re-farming of the frequency band 694-790 MHz for terrestrial systems capable of providing wireless broadband electronic communications services.

Administration of Croatia and Administration of the Republic of Serbia decided to use commonly agreed principles as presented in Multilateral Framework Agreement between the administrations of Albania, Austria, Bosnia and Herzegovina, Bulgaria, Croatia, Greece, Former Yugoslav Republic of Macedonia, Hungary, Montenegro, Romania, Serbia, Slovenia, Turkey and Ukraine on the frequency plan for the future digital terrestrial television in the frequency band 470-694 MHz which shall be signed on 6th December 2017, in order to facilitate the re-planning process and achieve a compatible frequency plan between the concerned administrations within the defined geographical area of SEDDIF.

**Objectives**

**Article 3**

Administration of Croatia and Administration of the Republic of Serbia successfully facilitated bilateral frequency coordination activities in order to implement the relevant broadcasting spectrum reallocation, with a view to:

- achieve mutual compatibility of the DTT spectrum resources to be used in the UHF band and avoid mutual harmful interference;
- facilitate any consequential modifications to the Geneva 2006 (hereinafter: GE06) Plan.

S  
ZK

## **Distribution of channels**

### **Article 4**

Administration of Croatia and Administration of the Republic of Serbia agreed on distribution of channels, where respective areas and their assigned channels are specified in the Annex 1 and the Annex 2 of this Agreement.

### **Technical parameters of assignments**

### **Article 5**

Administration of Croatia and Administration of the Republic of Serbia agreed on the use of radio-frequencies for the assignments with technical parameters given in the Annex 3 - for Administration of the Republic of Serbia and the Annex 4 – for Administration of Croatia of this Agreement.

The detailed technical parameters for these assignments are recorded on the CD/DVD, one for each Administration, in electronic format (Terrasys notices) in the files:

- “**HRV\_Plan\_2017\_new\_assignments.txt**“ for Administration of Croatia
  - “**SRB\_Plan\_2017\_new\_assignments.txt**“ for Administration of the Republic of Serbia
- which are given in the Annex 5 of this Agreement.

### **ITU coordination and notification**

### **Article 6**

Administration of Croatia and Administration of the Republic of Serbia agree that they will not object to coordination requests for the use of radio-frequencies subject of the Annex 3 and the Annex 4 of this Agreement, submitted to the ITU in the application of the Article 4 of GE06 Agreement.

### **Transition period**

### **Article 7**

The implementation of the agreed DTT requirements will be done gradually in the transition period which will start on the date of signing the Agreement.

Administrations shall inform each other on the date of bring into use of assignments subject to this Agreement at least 2 (two) months before the respective station will be put into operation.

As the Republic of Serbia has not yet officially decided about the usage of the 694-790 MHz frequency bands for terrestrial systems capable of providing wireless broadband electronic communications services, and noting the request of Croatia in the light of the Decision of the European Parliament and the Council (Decision (EU) 2017/899) regarding the use of the 470-790 MHz frequency band in the EU, both Parties should agree before June 30<sup>th</sup>, 2020 on a final date of the transition period.

Administration of Croatia and Administration of the Republic of Serbia will contribute, with their best effort to conduct a smooth transition according to this Agreement, with the least possible adverse effects for the audience of DTT.

8  
38

## **Revision of the Agreement**

### **Article 8**

With the consent of the other signing Administration, this Agreement may be modified at the request of one of the signatory Administration where such a modification becomes necessary in the light of administrative, regulatory or technical developments.

An Administration cannot withdraw unilaterally from this Agreement.

## **Language of the Agreement**

### **Article 9**

This Agreement exists in two original versions in English. Each Administration holds one original.

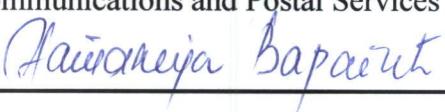

## **Entry into force**

### **Article 10**

This Agreement will enter into force on the date of the signature.
